# SHOWGIRL ZONE FINAL PHOTO GUIDELINES

Prepared by Finley Show Society for the Zone 7 Showgirl Final 2020

---

## WHY?

The Zone Host Show Society will collect a portrait photo of each Zone Showgirl Finalist. These photos accompany the Form B and are provided to the Judges for the judging interviews on the day of the Zone Finals.

The photos may also be used by the Zone Host to celebrate each woman participating in *The Land* Sydney Royal Showgirl Competition through social media and the evening's program.

## WHAT?

To ensure consistency with photos, the following guidelines are recommended when submitting your photo to the Zone Host;

- Ensure the photo is of high resolution (minimum of 1MB when cropped)
- Wear your sash as you are representing your Show Society
- Photo should be a portrait with your body and head facing the camera
  - Include (or crop) from the waist up
  - Include full head and shoulders
- Please submit in full colour with no filters or edits
- If cropping, keep the ratio 6:4

JESSICA  
Cootamunda

The three beautiful examples above are provided with permission from Zone 7 Finalists in 2020. Each photo meets the Guidelines above, is clear and of high quality. Further, the photos show their personality with the inclusion of a lamb in Chantelle's photo. Jessica's photo was taken on a iPhone using Portrait mode highlighting that there's no need for a fancy camera!
