Parader Competition

This competition for young people is designed to encourage interest in cattle and the development of handling skills.

It is the HANDLER, not the animal that is being judged.

Competitors will be expected to parade an animal in the judging ring and stand it up for presentation for the Judge.

Competitors are encouraged to train their own animal however suitable animals may be borrowed at the show.

Animals of the Parader section don't necessarily need to be a registered or stud animals but must be used for dairying.

We hope that young people not normally involved in shows will take to opportunity to participate.
