

14th January 2021

PRESS RELEASE

The Kiama Show Society Management Committee made the decision at their January meeting to postpone the 2021 Kiama Show that was scheduled to occur on Saturday 23rd January 2021.

In making this decision, the committee considered the impact of Covid-19 and the possible risks to the Kiama community, our members, competitors, stallholders, visitors and the many volunteers involved in delivering the Show at this time.

“Our primary obligation is the safety of our community and everyone involved in the Show,” Kiama Show Society President Neil McLaren said.

“The Management Committee will keep the community updated on a future event as decisions are made. We appreciate the support of everyone and realise the disappointment many will feel but our community’s safety comes first.”
